Introducing ICanRetire

Our digital participant engagement program is designed to help participants take control of their financial future and add value for plan sponsors.

From targeted emails to quizzes and comic strips, participants have likely never learned about retirement like this before. And to build cohesion and simplify the retirement planning process, we've integrated ICanRetire into the PlanPremier® and RecordkeeperDirect® websites. Best of all? It's free for your retirement plan clients.

Participant segmentation

ICanRetire provides research-backed, behavior-focused services designed to enhance employee engagement at no additional cost.

After participants take a short retirement-style quiz, we'll match their style with tips and resources relevant to them. Participants will also receive content through a behavior-based email journey, which helps them frequently reconnect with their goals and stay on track.
