

## Simplify your retirement plan notice process

No more endless printing or stuffing envelopes. Notice delivery makes it easy to send disclosure documents and notices to participants with two service options: have us create and deliver notices automatically or submit notices for us to mail to participants.

It's one more way that Capital Group, home of American Funds, helps you fulfill your fiduciary responsibilities with **PlanPremier**.

### Notice delivery at a glance

#### With our automated notice delivery service:

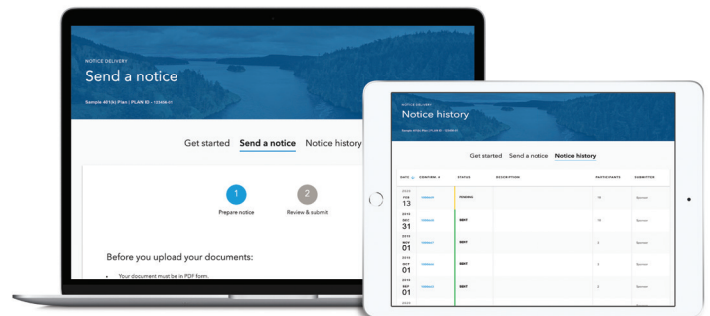

- You can opt to have a range of notices **automatically generated** and customized for your plan.
- Notices can be delivered **via email for free** to participants with valid email addresses on file. For participants without valid email addresses, notices are mailed for **a flat fee of \$2.50 per mailed notice**.\*
- Documents are automatically posted to both the participant and plan sponsor websites.

#### With our mail delivery service:

- You can create and customize **any notice** and have us deliver it for you.
- Notices are mailed for **a flat fee of \$2.00 per mailed notice** for each document sent.
- A detailed history of past notices is available on the plan sponsor website.

Costs for both services are included in the plan's quarterly recordkeeping invoice.

\* There is no fee for automatic enrollment notices sent using the automated notice delivery service, regardless of delivery method.
